

GIRLSUBMIT'S DESIGN

New Shaft Is Suggested to Southern Women.

CENTRAL FIGURE IS HEROIC

Miss Belle Kinney, of Nashville, Presents New Design for Memorial to Women of the "Lost Cause."

Original Design Was Suggested by the Memphis Reunion.

Atlanta, Aug. 16.—A design for the monument to the women of the "lost cause" by Miss Belle Kinney, aged twenty-two years, of Nashville, has been accepted by several States. It is probable that all the States which left the Union in the civil war will adopt the design, and that replicas of the monument will be placed in the capital of each State.

The central figure of the monument is of heroic size, emblematic of the Goddess of Fame. At the right a reclining figure, with an expression of sadness, represents the self-sacrificing Southern woman of the war times. Fame is represented as placing a wreath on the Southern woman's head, while she supports at her left a dying and emaciated Confederate soldier, to whom the Southern woman is extending the palm of victory in death. The design lends itself to reproduction in either marble or bronze.

The Daughters of the Confederacy and the Sons of Confederate Veterans decided on the erection of a monument to the women of the South in the city of Nashville. The work was to have been done by an Italian sculptor, but when his design was submitted at the last Confederate reunion in Memphis it was not approved. The artist had depicted the woman as an Amazon, carrying in one hand a sword and in the other the banner of the "lost cause." This was rejected.

The artist declined to submit another design, and Miss Kinney was asked to undertake the work.

BERRYVILLE SHOW TO-DAY.

Entries Exceed Those of Previous Years by One Hundred.

Special to The Washington Herald.

Berryville, Va., Aug. 16.—The Clarke County Horse and Cattle Fair, one of the biggest exhibitions of its kind on the Virginia circuit, opens to-morrow for three days. The entries for this year's exhibition exceed those of previous years by over 100, while there are twenty-five more exhibitors. Berryville is making big preparations for the event.

In addition to the prizes offered in each class, two special cups will be presented—one a silver cup given by George Zinn, of Orange County, Va., to the horse winning the greatest number of blue ribbons at the show of the Virginia Horse and Cattle Association that has not won a larger number than ten blue ribbons prior to 1909. The other prize is the blue ribbon cup donated by Charles Mullikin, of Boyce, Va., to the horse winning the greatest number of blue ribbons at the Berryville horse show that has not won a larger number than ten blue ribbons prior to 1909.

On the first day of the show eighteen classes will be shown, together with the heat races at a track, and the three-quarter-mile dash open to all.

AFTER TIDEWATER OUTLET.

Norfolk Believes That N. & C. Has Bought Water-front Property.

Norfolk, Va., Aug. 16.—Another big railway terminal deal, believed by many to mean the early advent in this port of the Norfolk and Carolina Railway, is foreshadowed by a real estate purchase consummated Saturday. An option on 7,000 feet of water-front property between the New York, Philadelphia and Norfolk Railroad company's pier at Port Norfolk and the Southern Railway property at Pinner's Point, on the western shore of Elizabeth River, has been secured by W. W. Robertson. Besides having a frontage of 7,000 feet on the harbor, it is bounded by the Norfolk and Portsmouth Belt Line Railway on one end, and the Southern and Atlantic Coast Line railways on the other. The property is admirably located either for manufacturing or terminal purposes.

BURGULARS GET \$232.

Cumberland Robbers Miss Pocket-book Containing \$53.

Special to The Washington Herald.

Cumberland, Md., Aug. 16.—Robbers entered the house of Alexander McLuckie, a druggist on the old Town road, two miles from Cumberland, early this morning, and took from the bureau drawer a pocketbook containing \$232, but missed another containing \$53. The bureau was in a third story room. The family heard a noise, but it was thought it was one of the little girls, sleeping in an adjoining room. The front door was found open, and an empty pocketbook was later discovered in the yard.

BUYS OLD NELSON HOME.

Cincinnati Organization Will Preserve Revolutionary Building.

Special to The Washington Herald.

Newport News, Va., Aug. 16.—An announcement was made here to-day that a large social and patriotic club of Cincinnati has purchased the famous old Nelson home at Yorktown, and will have it fitted out and used as the headquarters of the club. This famous old building was the headquarters of Lord Cornwallis at the battle of Yorktown, and Col. Nelson, the owner, fired on the house to drive Cornwallis from it. The house is in a good state of preservation.

HOT-WEATHER LAXATIVE FREE

At no other time of the year is the tendency to constipation greater than during the summer months, and this is especially the time that it is most important to keep the bowels open. The heat and even fire has its dangers. The bowels should be kept open—you should have at least one good passage a day, and if you do not, you are sure to feel the effects. It is not a temporary relief like salts and purgative waters, and it does not gripe, like tablets and pills. It is so pleasant to take, and so gentle in action that children prefer it to any other laxative. It is the children's ideal remedy for their stomach, liver, and bowel troubles. Use it for constipation, indigestion, sick headache, biliousness, loss of appetite and sleep, drowsiness after meals, hiccups, rheuma, "Summer Complaint," gas or wind on the stomach, &c. A bottle can be obtained of any druggist at 50 cents or \$1.00. Thousands of families keep it regularly in the house because a laxative may be needed at any moment, and those who once use DR. CALDWELL'S SYRUP PEP-SIN always prefer it thereafter.

Those who have never yet used DR. CALDWELL'S SYRUP PEP-SIN would like to make a test of it before buying in the regular way from their druggist. They can obtain a FREE SAMPLE BOTTLE either for themselves or a member of their family by sending their name and address to the doctor. The sample will be sent to your home free of charge. In this way you can find out what it will do without cost. Also, if the doctor explains how the person suffers, and he will give you his best MEDICAL ADVICE, based on half a century of experience in stomach, liver, and bowel diseases, without charge. Women who have children should send for "SUMMER COMPLAINTS TO MOTHERS," containing the doctor's advice on diet, hygiene, &c., in hot weather—a very important subject. The address is:

VIRGINIA OYSTER NAVY READY

Rapid-fire Guns Will Be Mounted on Boats to Chase Pirates.

Norfolk, Va., Aug. 16.—The Virginia oyster navy is being made ready to go in commission next month. It is stated that the depredations of the oyster pirates last season were so great that there will be determined efforts to capture the boldest of them and bring them into port this fall. The boats will all be equipped with rapid-fire guns this year.

Chairman Lee, of the State board of fisheries, is here and he declares that the survey that is being made of the oyster beds in the Chesapeake and its tributaries by the Federal authorities will probably settle for all time the controversy as to whether the oyster industry is the greatest trouble.

FIRST SPEECHES OF CAMPAIGN

Both Kent and Mann Will Make Addresses on Labor Day.

Special to The Washington Herald.

Newport News, Va., Aug. 16.—Capt. William P. Kent, Republican nominee for governor of Virginia in the November election, to-day accepted an invitation to deliver an address at the Labor Day celebration in this city on September 6.

Judge William H. Mann, the Democratic nominee for governor, also has been invited, and as he speaks in Norfolk on the morning of Labor Day, it is expected that he will come here in the afternoon.

The celebration planned here this year is the biggest ever held in Virginia. The committee on arrangements, through Representative Bascom Sloop, is trying to have the ship Virginia here on that day. The ship Virginia here on that day. The ship Virginia here on that day.

BURGULARS USE CHLOROFORM.

Portsmouth Mayor's Residence Is Robbed of \$1,500 in Jewels.

Special to The Washington Herald.

Portsmouth, Va., Aug. 16.—The residence of Mayor Reed, 107 Middle street, was entered last night, and while the family slept the house was burglarized and jewelry worth \$1,500 and cash amounting to \$15 stolen.

THE JEWELRY AND MONEY WERE TAKEN FROM A DRESSER IN THE ROOM WHERE A SISTER OF THE MAYOR WAS SLEEPING.

The jewelry and money were taken from a dresser in the room where a sister of the mayor was sleeping, and the fact that neither she nor any other member of the household was aroused created a suspicion that the burglar probably used chloroform, causing them to sleep soundly.

A napkin was found in the yard, which was probably used by the thief in applying the chloroform. Nothing but valuable jewelry and money was sought by him. Jewelry cases in each of the rooms were opened and the contents of each examined. The costly articles were sorted therefrom and those of less value were left strewn about the dressers.

The jewelry stolen consisted of two diamond rings, two less valuable set rings. In the case from which they were taken were a number of other rings and various kinds of jewelry. The police have no clue as to who committed the crime.

Mayor Reed this morning issued instructions to the police to arrest all suspicious characters found in the city, and the authorities of Norfolk have been requested to join with the local police in an effort to apprehend the burglar.

TORTURED, MANGLED UP CASH

Burglars Resort to Cruelty to Get Wallet.

Victim's Arms Twisted—After Securing Money, Match Is Applied to the House.

Wilkesbarre, Pa., Aug. 16.—Clarence Berlew at West Pittston this morning heard burglars in his bedroom, and as he jumped up he was seized by a black-jack. Then the burglars bound and gagged him, and when Berlew recovered his senses he was bound and gagged. They were thrown on the bed together and their little child was pitched beside them.

The burglars then searched the house for money, and finding nothing they desired, returned to Berlew and threatened to torture him unless he told them where his money was hidden. As evidence of what they would do, they picked him up and let him drop on the floor, twisted his arms and legs, and finally induced him to tell that his wallet was underneath the mattress. They got \$350 and departed.

Before they left, however, they poured kerosene about the door and set fire to it. Not until the smoke reached their room did Berlew realize this. Then he renewed his struggle to get free, and finally succeeded and aroused the neighbors. They then tried to carry his wife and children out, but as he got them downstairs the flames broke through the door upon them, and he had to retreat almost overcome to the bedroom. There he just had strength enough to drag them to the window and hold their heads in the air until the firemen arrived.

MEETS AGAIN TO-MORROW.

Yorktown Historical Society to Complete Organization Plans.

Special to The Washington Herald.

Yorktown, Va., Aug. 16.—Considerable interest is being manifested in this and adjoining counties over the advent of the recently organized Yorktown Historical Society of the United States, the main purpose of which is to devise ways and means for the taking over and preservation of the many historical landmarks in the town and surrounding country, particularly the old home of Thomas Nelson, Jr., one of Virginia's signers of the Declaration of Independence and governor of the State and a major general in the American army at the siege of Yorktown; the Moore house, about a mile outside the town, in which the British and American officers prepared the articles of surrender; the first customhouse erected in America, and the remaining fortifications that were constructed by the American and British armies during the siege. It is also contemplated to acquire, if possible, and have made a great national park, the field upon which the actual surrender of the British forces under Cornwallis was made to Gen. Washington.

An adjourned meeting of the society will be held here on Wednesday afternoon in the old Nelson house, when there will be many new members received and much interesting business transacted, for all now in the organization are very active in progressing the affairs of the society, although yet in the formative state. Some very positive action is proposed looking to a general co-operation upon the part of citizens of the vicinity of Yorktown and Gloucester with the Society of Descendants of the Signers in its contemplated celebration here in October of the 125th anniversary of the surrender of Lord Cornwallis to Gen. George Washington on September 19, 1781, was the virtual conclusion of the war for American Independence.

DROUGHT IS BROKEN

Heavy Rains Fall in Piedmont Section of Virginia.

TOO LATE TO SAVE CORN CROP

Drought Is the Severe on Crops for Nearly Sixty Years—Record Prices Are Expected for Corn This Winter—Hay and Oats Prices Are Already Soaring High.

Special to The Washington Herald.

Hamilton, Va., Aug. 16.—The drought which has prevailed in this county since June 27 was broken last night by a heavy rain, which seems to have been general all over the county. To-day has been one of general thanksgiving.

Old citizens claim that such a drought has not visited the county since 1854, when there was a total failure of the corn crop, and the grain sold the following spring for \$5.25 per barrel.

The prospects for an abundant crop was very promising in this section this year, but experienced farmers claim now that the average average on good land will not be more than five barrels.

There is a big supply of old corn in the county, but it is being held, many believing that it will reach enormous prices locally, before the winter is over. Prices on hay and oats, of which there were good crops, are soaring, \$15 being demanded for hay and 70 cents for oats.

There will be a great shortage of fruit, peaches and pears being especially scarce. Only here and there in the county can be found a promising crop of apples.

Heaviest Rainfall in 25 Years.

Parkersburg, W. Va., Aug. 16.—All records since the establishment of the local weather bureau, over twenty-five years ago, were broken here Saturday night, when in twelve hours there was a rainfall of 3.20 inches. The artificial lake at Terrapin Park burst, inflicting heavy damage. All creeks in this region overflowed their banks. Crops suffered severely.

Dry in Clarke County.

Berryville, Va., Aug. 16.—So little rain has fallen in Clarke County in the last month that the citizens, which are used largely for drinking water by the farmers, are going dry, and many are hauling water from springs. In some parts of the county the pastures are literally burned up.

YARRELL IS OUT FOR BYRD

New Greensville Legislator Favors Re-election of Present Speaker.

Declares Finest Gravel Roads in the South Are Being Built Around Emporia.

Leonidas D. Yarrell, of Emporia, a prominent lawyer of Virginia, who represented the interests of Mrs. Florence Maybrick in the famous land case, and who recently was elected a member of the Virginia house of delegates over five competitors in Greensville County, while in Washington yesterday, announced that Richard Evelyn Byrd, the brilliant Winchester lawyer and legislator, will be re-elected speaker of the house of delegates. Mr. Yarrell announced that he will support Mr. Byrd to again preside over the Virginia legislature. He does not anticipate that Mr. Byrd will have serious opposition, if any opposition at all.

Mr. Yarrell declared that Emporia will in the course of a few years be the center of best gravel roads in the South. He said that as a result of a good road movement in Greensville County, all the highways in the county, which lead into Emporia like spokes to a hub, are now being covered with a fine gravel. He says that Emporia is on a big boom, and he predicts that it will be the "Atlanta" of the Southside Virginia section.

NO GAS IN CUMBERLAND.

Cumbersome Causes Break in Pipe in Line Across Stream.

Special to The Washington Herald.

Cumberland, Md., Aug. 16.—The supply of natural gas failed in Cumberland this morning because of a break in the line in the bed of a creek near Douglas, W. Va., seventy-nine miles south of Cumberland. A cloudburst had caused a sudden rise in the creek and two sections of the main of the gas line were carried out. This cut off the supply to all points this side of the break, and great inconvenience was the result. The company maintains a patrol and night watch at the stations along the line and the discovery that pressure was getting low was made about 2 o'clock this morning.

The other day George was stoker for the engine to which was attached the Vanderbilt private car on its run to Washington. His need of money was explained in a grimy note written in pencil and sent to Mr. Vanderbilt by a friendly porter. No answer came at once, but George received word to come to New York.
